

Verified Programs Designation

Advancing San Diego

Advancing San Diego is a collaborative effort to double the production of skilled workers each year by focusing on the inclusion of historically under-represented populations within the innovation economy.

September 27	October 17	November 13	December 12
Application deadline	Phase 2 notification	Verified Program Designation Day	Designation announcement

Verified Program process and frequently asked questions

- Once the application is submitted, approximately when will you be notified if your application will continue to phase 2? Applicants will be informed through the institutions' main point of contact by October 17. The notification will come via email from an EDC staff member.
- What does phase 2 of the application entail? Those that have successfully passed on to phase 2 of the application process will be invited to table on November 13 at the Verified Program Designation Day. The event will consist of an employer panel, followed by employers asking questions to each of the programs, and networking.
- What will the employer questions for phase 2 be? The employer questions will focus on our programs' DEI and industry engagement efforts. You will receive the presentation rubrics, instructions, and event details by October 17.
- When will Verified Program designations be announced? Applicants will be notified via email by December 12.
- Do staff and faculty have to buy tickets for the November 13 event? No, all staff and faculty from participating programs will not need to purchase an event ticket.
